

# Continuous Improvement Program

FOR WI STATE AGENCIES

## YELLOW BELT INSTRUCTOR-LED TRAINING

One-Day Training on Successfully Launching and Leading Continuous Improvement Projects.

See Cornerstone for prerequisites

### Who is this training for?

This instructor-led training is the next step in the Yellow Belt Certificate Program after completing all 14 Yellow Belt online modules. Designed for Wisconsin state agency employees who are ready to apply what they've learned, participants will use practical Continuous Improvement tools to define, analyze, and implement a real improvement project. To earn the Yellow Belt Certificate, participants must complete the online modules, attend the instructor-led training, and successfully complete and submit a Yellow Belt improvement project.

### What are the benefits?

- Build confidence in leading Continuous Improvement projects.
- Learn practical tools you can apply immediately in your workplace.
- Strengthen problem-solving and analytical skills.
- Gain a common language for improvement to collaborate more effectively across your agency.
- Contribute to a culture of innovation and efficiency in Wisconsin state government.
